## **EQUIPMENT TO TAKE**

- A good pair of walking boots (ones that you have used before), with ankle support and non-slip soles.
- Good quality walking socks
- A comfortable rucksack (either for all of your kit or as a day sack) with plenty of plastic bags to keep your kit dry.
- If you are having your luggage transferred, please make sure that you have only one bag for the transfers, with a maximum weight of 15 kilos. It should be an easily transportable soft bag or with wheels.
- T-shirt and shorts (depending upon the likely weather)
- Light trekking trousers (not jeans)
- It is good to be able to 'layer' your clothes – with several light tops (for protection against cold, wind or sun)
- A warm sweater, polar or fleece. Beanie, gloves.
- Waterproofs – such as an anorak (Gore-tex or micro pore for example) or poncho.
- A bathing suit and towel
- Sandals or flip flops for beaches, river wading, or for wearing in the evening (it's important to be able to rest your feet from your walking boots)
- Sun cream plus sunglasses and a hat or cap
- A change of clothes
- For the picnics, you will need a small Tupperware box (for stews or salads), a plastic mug, a knife and fork. A Swiss Army knife or a pen knife is optional but can be very useful.
- Walking poles can be very useful to take the weight off the knees and to steady yourself on uneven terrain.
- A water bottle (at least one). It is preferable that you should be able to carry at least 2 litres of water at any one time.
- Camera and film, or batteries and memory cards for digital ones.
- A light torch (with spare battery)
- A small first aid kit possibly including: Rehydration salts to combat dehydration or fatigue, something for cuts, sprains, blisters, breaks, burns, stings, and pain relief. Please remember any personal medication that you may need.
- Wash bag, including: toothbrush, toothpaste, towel, toilet paper. Preferably a biodegradable soap for washing fruit, washing yourself and for washing clothes (it is possible to buy a multi-purpose biodegradable soap). Earplugs can also be useful if you are sleeping in dormitories.
- Money – make sure you have enough cash on you for your trek (in Euros), as it is unlikely that you will be able to use a card or withdraw money if you are in the mountains.
- Maps – IGN maps of a scale and quality that allow you to see the route clearly. If you are on a self-guided tour, you will more than likely be given copies of sections of maps. These should be clear enough to guide you along the route alongside the route notes, but we strongly recommend that you have the correct maps for the area of your walk. Please contact us if you need advice.
- A compass – but make sure you are able to read it before starting on your trek
- Mobile phone and charger (it may not always be possible to get a signal or to charge it, but it can be very helpful in many circumstances).
- Snacks (such as energy bars, dried fruit).

- If you are a vegetarian, we suggest you bring a good supply of nuts or other foods containing protein. It is not always possible to get a good balanced meal, particularly in the more remote places in the mountains.
- A waterproof plastic pouch in which to put your trip documents, identity papers and insurance documents.

### **SAFETY INSTRUCTIONS**

Our mountain guides are experienced professional leaders with an AMM/AEM (Accompagnateur Moyenne Montagne / Accompagnateur En Montagne) certificate delivered by the French state. They are also local guides who live on the island and who wish to share their traditions and culture with travelers from around the world. During your trip, you will be travelling with one mountain guide and a group of other hikers consisting of 8-15 people. Your mountain guide is also here to ensure your safety during the trip, as well as the safety of the rest of the group. During the first day of walking, the mountain guide will usually assess your level of hiking to make sure that the entire group walks at a reasonable pace for everyone. At any point during the trip, your mountain guide reserves the right to exclude you or other hikers from activities you are not adequately prepared or fit enough for and where your involvement may jeopardize the group and the instructor's safety as well as your own. No refund will be made to hikers excluded on these safety grounds. Please also note that our mountain guide does not accept liability for the group's lost or damaged personal property during the trip. Guided walking requires you to have a good knowledge of map reading and good orientation skills, in case you get separated from the rest of the group. You must also expect to be involved in adventurous, physically and mentally demanding activities. You should be fully aware that mountaineering is a risky activity and accept the possibility that you may be injured or even killed whilst in the mountains. Hikers should also be aware that mountaineering is highly subject to local weather and conditions and whilst every effort will be made to respect the itinerary route, sometimes this will not be safe or practical due to a variety of reasons. In this circumstance, Europe Active will make every effort to offer suitable alternatives. However, no refunds will be available. If you decide to leave the group and/or interrupt your holiday before the ending point, then please note that all transfers will be at your own expense. In the event of problems or emergencies, please remember that Europe Active provides a 7/7 hotline service.

Note: these trip notes are the most current information available for this itinerary. When you book this trip, you agree that you have read, understood all of our terms and conditions and you will abide by them.
